

APA International Conference
on
Advanced Polymers, Biomaterials,
Bioengineering & Nano Drug Delivery

Date: September 5-7, 2016

Venue: Sofitel L'Imperial Resort and Spa
Flic-En-Flac, Mauritius

APA - 2016

MAURITIUS

Invitation

Polymers have generated enormous interest in the field of biomedicine and healthcare. These materials have become an integral part of human life where people try to use innovative products and systems with smart features. Advancements in polymeric materials for biomedical applications over the past century has been largely due to the ongoing innovations in medical science and technology so as to provide the best medical facilities to patients. The delivery of modern healthcare system depends on an expanding interdisciplinary team of trained professionals from vast areas of materials science and biomedicine. It is therefore very important to have a close interaction of material scientists, biologists, pharmacologists and medical practitioners, so that a well defined goal and direction may be pursued towards the healthcare scenario for the world community.

Asian Polymer Association (APA), Centre for Biomedical and Biomaterials Research (CBBR), University of Mauritius and Indo-Italian Forum (IIF) for Biomaterials & Tissue Engineering are organizing an International Conference on Advanced Polymers, Biomaterials, Bioengineering & Nano Drug Delivery in Mauritius during September 5-7, 2016. The conference involves very innovative domains of polymeric biomaterials, nanomaterials, material-tissue interaction, wound care systems, drug delivery systems, pharmaceutical science, tissue engineering, antimicrobial chemistry, biodesign and biomedical applications. This conference is proposed to exchange information on new dimensions in healthcare systems and would help in formulating the action plan to face the challenges ahead in biomaterials and biomedical technology. This conference offers a very focused platform for the stakeholders to discuss, analyse and bring out policies and joint working groups in different areas of biomedical technology. We would like to extend our invitation for your participation in 'APA-2016' in Mauritius.

We look forward to welcoming you in Mauritius.

Conference Chair
(Mauritius)

Dhanjay Jhurry
CBBR, Mauritius Research Council
University of Mauritius

Conference Chair
(India)

Bhuvanesh Gupta
Indian Institute of Technology Delhi
India

www.apa2016.com

Accommodation

Accommodation will be available in hotels, villas, bungalow in the range of Euro 50 - 300. The details of the accommodation are available on the conference website.

Deadlines

Receipt of abstract: 15 February 2016
Intimation of acceptance: 15 March 2016
Early Bird Registration : 15 May 2016
Final Registration: 30 June 2016

Exhibition

There will be an exhibition area adjoining the conference hall during the Conference. By participating in this mega event as an exhibitor, your organization will get an opportunity to showcase the latest technology, new products and a chance to interact with more than 450 participants including material scientists, biologists, pharmacologists, doctors, researchers and medical practitioners at one place.

Stall Details & Tariff

Stall Size: 3X2 Sq mt
Type of Stall: Standard (Octonorm)
Mauritius Exhibitor - MUR 30,000
Overseas Exhibitor - EUR 1,500

Sponsorship

Experts, executives and business owners from the entire polymer field around the world are invited to attend the conference. We believe that as a sponsor of this prestigious event, you not only have a unique opportunity for your company to market and promote your innovative products but also to meet prospective clients and important people in the industry.

Sponsorship Categories

Category	Value	
Diamond Sponsor	MUR 450,000	EUR 12,000
Gold Sponsor	MUR 300,000	EUR 8,000
Silver Sponsor	MUR 200,000	EUR 5,000

Conference Organizer

Dhanjay Jhury
Centre for Biomedical and
Biomaterials Research
Mauritius Research Council
University of Mauritius
MSIRI Building, Reduit, Mauritius
Tel: +230 465 1347

Indo-Italian Forum on
Biomaterials & Tissue Engineering

About APA

Asian Polymer Association (APA) is a professional society involved with the developments in polymer science & technology at the international level. The society has large number of international members and offers a dynamic platform where scientists, technologists, and research managers from academic and industrial organizations may interact in different areas of polymers science (www.asianpolymer.org)

Topics

- ▲ Polymer Synthesis & Functionalization
- ▲ Biodegradable Systems
- ▲ Biomaterials
- ▲ Smart Polymeric Materials
- ▲ Antimicrobial Systems
- ▲ Wound Care Systems
- ▲ Pharmaceutical Science
- ▲ Herbal Products
- ▲ Nano Drug Delivery Systems
- ▲ Material-Tissue Interaction

Call for Papers

Papers are invited in the form of oral and poster presentations. Authors are requested to send one-page abstract, online, in the prescribed format. Abstracts for Oral and Poster presentations should be in Arial Narrow within A4 format. Authors should strictly follow the abstract template as given on the website. The title should be in bold with font size of 12 followed by authors name(s) in the next line, and affiliation in the subsequent line(s) as central alignment. This should be followed by the email ID of the presenting author. The name of the presenting author should be underlined. The text font should be 10 with single spacing. References should be placed at the bottom and should not be cited in the text.

Registration

Registration Fee*	Category	Up to 15 May'16	From 16 May'16
Developed Countries	Delegate	EUR 550	EUR 660
	Student Delegate	EUR 400	EUR 480
Developing Countries	Delegate	EUR 400	EUR 480
	Student Delegate	EUR 300	EUR 360
Mauritian Delegates	Academic Institute	MUR 10,000	MUR 12,000
	Student	MUR 5,000	MUR 6,000

* APA members would get 20% discount on the registration amount.

Poster Session

The poster session is proposed to highlight the activities in various areas of polymer science and biomedical engineering. Best poster awards will be presented to students participating in the poster session. The poster size, A-I Portrait (60 X 85 cm) will be available to the presenters. A committee comprising of eminent scientists will make its decision on the best posters.

Special Symposia

Polymer Waste Management
Innovations in Scaffold Design
